

QxEnergy™ 730

Designed for harsh environments and mobile deployments, the all new QxEnergy™ 730 allows you to deliver the capability of QxControl nearly anywhere. Providing the convenience of integrated PoE+ ports to power and connect your cameras and door controllers, the QxEnergy 730 also offers WiFi, 5G or LTE network connections with optional antennas (*5G/LTE service not included). Selectable local storage provides event driven or continuous recording options for both QxPro and QxOne systems.

Functional Ports

Specifications

- Up to 32 cameras and 64 total resources
- Up to 16TB of local storage
- Intel® Core 6th Gen Processor (4 Cores/Threads 3.4GHZ)
- 16GB Memory
- 2- GbE Network Ports
- 16- 1GbE ports with PoE+, 30W per port with a total power budget of 240W
- 6V-78V DC-in, Fanless, CE/FCC Class A, IP40
- Operating Humidity 95% at 70°C
- Operating Temp: -25°C to 70°C (-40°F to 158°F)
- Weight: 9.26 lbs (4.2 kg)
- Small form factor, 10.2" w x 8.5" d x 3.1" h
- Shock Endurance: IEC 60068-2-27 (SSD, 50G, half sine 11ms)
- Vibration Endurance: IEC 60068-2-64 (SSD, 5Grms STD, random 5 to 500 HZ, 3 axis)
- *Two year warranty*

Part Numbers:

- QXE730-02 (Harsh & mobile appliance with 2TB SSD)
- QXE730-04 (Harsh & mobile appliance with 4TB SSD)
- QXE730-08 (Harsh & mobile appliance with 08TB SSD)
- QXE730-12 (Harsh & mobile appliance with 12TB SSD)
- QXE730-16 (Harsh & mobile appliance with 16TB SSD)

Part Numbers: Accessories

- QXE730-PS (Power Supply)
- QXE730-PS (5G Kit)
- QXE730-LTE (LTE Kit)
- QXE730-WIFI (WIFI Kit)
